

## Centennial Merit Scholarship Donors and Sponsors

Since the Centennial Merit Scholarship (CMS) program began in 2001, nearly 1,000 SIAST students have received \$3 million in scholarships. Funds provided by donors and sponsors for these scholarships are matched by the Ministry of Advanced Education, Employment, and Labour.

In addition to support from donors and sponsors, funds raised through the SIAST Business and Industry Dinners held at each campus, and the Change for the Better Campaign for SIAST faculty and staff, are used to fund CMS.

In the 2009-2010 academic year, an estimated \$630,000 will be awarded to approximately 250 CMS recipients.

CMS for Applied Certificate are valued at \$1,500 each. CMS for Certificate and Diploma programs are valued at \$2,500.

If you are interested in supporting a CMS for a program of your choice, please contact SIAST Donor and Alumni Relations at 306-659-3733

**SIAST extends sincere thanks to the many donors and sponsors who are supporting Centennial Merit Scholarships in the 2009-2010 academic year.**
