<p>Are there methods other than PLAR to gain SIAST course credits for prior learning?</p>	<p>Transfer Credit SIAST may grant a transfer credit for course(s) from a recognized credit-granting post-secondary educational institution. The training must be similar in content, objectives and evaluation standards to SIAST training.</p> <p>Major changes in program content may require that the student repeat or seek prior learning assessment recognition for the course for which transfer credit is requested.</p> <p>Any Transfer Credit agreements with this program are listed in the Candidate Guide.</p> <p>For specific information and guidelines regarding Transfer of Credit, contact a SIAST Educational Counsellor or refer to the SIAST Website:</p> <p style="text-align: center;">http://www.siastr.sk.ca/siastr/admissions/transfercrredit.htm</p> <hr/> <p>If your training does not qualify for credit transfer you may ask for a review of your learning through the PLAR process.</p> <p>Equivalent Course Credit The Parts Management Technician program may recognize credit for a specific SIAST course(s) on the basis of previous credit in another SIAST course(s) with similar content.</p> <p>If the curriculum no longer qualifies for equivalency, a student may request PLAR for the course(s) if additional learning has occurred to meet the change in the current learning outcomes.</p>
<p>What do I need to prepare for a PLAR assessment?</p>	<p>Credit is earned for proven knowledge and skills. You will be assessed on your competence in the learning outcomes for each course. For more information on the learning outcomes, criteria, and the form of assessment please refer to the PLAR candidate guide & self-audit package.</p>
